Dear Priscille, dear Anne,

Your clients sign with Beamy because a success plan makes value visible. **Here is mine.**

01 OBJECTIVES

- **Clear ROI** for every key account: business objectives, timelines, priorities and metrics agreed upfront.
- **Robust sponsorship:** never a single champion, but aligned stakeholders across IT, Legal, Security, Digital Workplace and SAM.
- **Renewals secured, upsell grown**, and a customer community that tells your success stories for you.

02 PROVEN TRACK RECORD

- **Customer Success Manager for MAZDA Motor Europe** (SGS&Co, 2024–2026): €3M in annual revenue, 25 countries, managed in English, a 15–person internal and offshore team orchestrated to deliver.
- **11 years as founder and managing director of Bee4:** around 50 B2B/B2C clients, full P&L, renewals and upsell above €10M cumulative, Groupama retained for 8 years.
- **Trusted advisor and trainer** for 10+ years (OMNES, ESCGI, Cegos), in French and English.

03 SUCCESS METRICS I COMMIT TO

- ✓ Every key account has a written success plan, with metrics, owners and dates.
- ✓ Every partnership is backed by several sponsors, not one.
- ✓ Every renewal is prepared months ahead, not weeks.
- ✓ Every quarter, one customer success story is shared with the community.

04 ONBOARDING CLAUSE (KNOWN GAP)

My clients so far were mostly marketing, digital and general management leaders. IT governance audiences (CTOs, Architects, Security, SAM) and the SaaS management market will be new to me.

RAMP-UP PLAN · Beamy's platform, use cases and personas mastered within the first 60 days. I already work daily with a broad SaaS stack (Salesforce, HubSpot, Notion, Airtable, n8n, Claude) and hold an RNCP certification in AI & No Code.

RISK ASSESSMENT · **low.** A market can be learned; building sponsorship, orchestrating teams and securing renewals with large accounts takes fifteen years to build.

05 CULTURE FIT

TRANSPARENCY

I name my gap upfront, in clause 04.

OWNERSHIP

11 years running my own company, full P&L.

CHALLENGE ASSUMPTIONS

As a founder, questioning the status quo was my daily job.

06 NEXT STEP

An introductory call, and a case study I look forward to.
